Anti Freeze

2017 TEAM PACKAGE

Welcome to the 2017 AntiFreeze Team Package

This is where you will find information on how to make AntiFreeze a great experience for you and your team. Inside this package you will find information regarding the events, photo hunt lists and some general rules to create a better understanding for what this year's AntiFreeze is going to entail. Please read through this carefully with your team, you may have to do a little preparation this upcoming holiday season before the week of AntiFreeze.

Getting Started

Events

AntiFreeze 2017 has 9 events, 4 indoors and 5 outdoors. On the following pages, you will find the Event Breakdowns, which will outline more details about each event to aid you and your team in preparation for the event. All events will require a certain number of participants from your team, anywhere from 2 - 5. Without the required number of participants you cannot partake in those events. Though there is no need to have more than the required participants any other members of your team who show up will count for participation and spirit points.

Event Check In

Before any events begin, all teams need to check in. Participants and support team members check in at the registration table. To check in as your team's participants, fill out the Event Registration Form (below) and bring it to the check in table. **Make sure to bring your own copy of the Event Registration Form as there will not be extra ones available.** Make sure to also bring your team flag to the registration table for bonus points.

Participant Waivers

Everyone taking part in AntiFreeze 2017 needs to sign a waiver. Waiver signing will take place on Monday, January 9th from 10 AM - 4 PM. We will have a table set up on SUBstage. You don't need to come as a team, but every individual on your team will have to come and sign a waiver at some point in the day.

AntiFreeze

Points and Prizing

AntiFreeze has two sets of points: **AntiFreeze Points** and **Spirit Points**.

AntiFreeze points are awarded based on how well your team does at events. The breakdown for how points are awarded is listed on the Event Breakdowns below. At the end of the week, the team with the most AntiFreeze Points will be the champions of AntiFreeze 2017. AntiFreeze points are tabulated daily and the rankings will be publicly posted at the end of each day. Only points from the first 8 events will be posted in the daily update. This only accounts for half of the available AntiFreeze points. The other half of the points will be announced at the awards after Mixology. These points include: Flag points, Photohunt points, Yeti Hunt points, event specific points (as outlined in Event Breakdowns), and other bonus points announced by the organizing team throughout the week.

Prizes will be handed out to the top 10 teams overall, based on AntiFreeze Points. There will not be prizes for individual events.

Spirit points are handed out to the teams based on attributes that best encompass the AntiFreeze Spirit: teamwork and sportsmanship. At the end of the week, the team with the most spirit will be awarded the coveted AntiFreeze Spirit Award.

The Yeti Hunt

Throughout the week, a bonus challenge will run from Monday to Friday called The Yeti Hunt. Everyday our UASUevents Snapchat, Facebook, and Twitter will announce the location of the Yeti. Teams will have 30 minutes to find and capture a photo of the Yeti with their team flag and one or more members of their team. Photos should be posted on facebook and twitter with #AntiFreeze2017. Remember photos need to be tweeted back to @uasuAntiFreeze Finding the Yeti will be worth 50 points per day for every team that is successful.

Photo Hunt

Throughout the Holiday break, collect various photos with your team, and present them in an original format to the judges by Wednesday, January 11th at 4:00 PM.

Photos cannot be edited AT ALL (except maybe cropping... maybe), or taken from the Internet. One of the judges will be proficient in Photoshop, so we'll know if you cheat. Besides, that just takes all of the fun out of the photo hunt.

Remember: the more participation by your team members – the more generous the points!

The more photos you complete, the more points you rack up!

- Submissions must be made from printed photos (from film or digital), the kind you get from a 1-hour photo shop. Electronic submissions will not be accepted.
- Post photo print editing is acceptable (ie: word bubbles, cut-outs, etc)
- Albums must be handcrafted (don't hire someone else to do your work!)
- The more participation of your team in the photos – the better the points, there will also be bonuses for making your flag visible.
- Be sure to number and caption your submission, sometimes we can't tell which is which.
