To: Students' Council
University of alberta Students' Union

From: Michelle Kim, Chair of Bylaw Committee 2018-2019

#### Dear Students' Council,

I hope everyone is taking care of yourself especially at this time of the year. I would like to first thank Bylaw Committee members for their hard work this semester! It was my pleasure to work with all of you. Bylaw Committee had total of 13 meetings this year with 6 meetings held since my last report.

Written below is my written report, in accordance to Students' Council Standing order (9.3) and Bylaw 100 section (16), stating that chairs of standing committees shall draft and submit written reports outlining the activity of the committee before the last meeting of each trimester.

#### 1. Activities of committee during Fall semester

- a. Bill#2: Bylaw 100 attendance regulation
  - i. Established that, in August 2017, the previous Speaker referred a question to Discipline, Interpretation, and Enforcement Board concerning attendance regulations in Bylaw 100; namely whether the first meeting, if it occurs prior to the term, is to count in attendance calculation. Identified that the ruling states that attendance is not to be counted in all meetings before May 1. Noted that this Bill incorporates this ruling into Bylaw 100.
  - ii. Bylaw committee decided to present it to the Students' Council to get feedbacks on September 18th 2018
  - iii. First Principles of Bill #2 passed Students' Council on October 2nd 2018

  - i. The first principles fro Bill #4 Bylaw 100 Students' Council committee chairs' training passed in bylaw committee and it was submitted to the Students' council to be discussed on August 21st 2018, Students' council meeting
  - ii. The first principles did not pass at council since it was believed to not belong in Bylaw committee and rather recommended to put into each committees Standing Orders.

#### Mpoe Mogale

Mpoe is deserving of the Council Scholarship because they have spent their time on council challenging normative ideas, and looking for ways to progress council to be more inclusive. As a member of ARRC, they have put in numerous hours into collecting data for, writing, and revising recommendations. In council meetings, it is thanks to them that we have powerful discussions, typically assuring that council members see every side of the story. Mpoe has near perfect attendance at council meetings, as well as being present in the community such as the ARRC town hall, and the Women Building Futures round dance held on November 17th. It's very obvious that Councillor Mogale is passionate about shaping a better Student's Union for her constituents, and for the greater campus community.

#### Joel Agarwal

Joel has demonstrated his dedication to Students' Council in numerous ways, going above and beyond during the past few months. His heart for serving people and bridging gaps between communities is evident, and he has demonstrated this through his excellent attendance, and active participation in discussions, Nominating Committee, and continually meeting with other councilors, exec and Faculty Associations. As a Science Councillor, he helped organize meetings with the Faculty Association (ISSS), to strengthen ties between councilors and FAs. He has met with the President of ISSS to ensure that he is actively serving the students who elected him. He further has obtained survey results from ISSS polls from previous years, in order to better tailor his efforts as a councillor. Working along with other Science Councillors, he has developed key areas for advocacy that Science students need.

His passion for achieving accessible academic resources and ease of access for student employment has led Joel to pursue changes in Student Hires. Working closely with the VPA, he has advocated for an increase in flexibility for student hires at the GFC level, as well as meeting with individuals from the UofA HR ensuring that students are put first. This level of dedication and passion reveals that Joel wants to put students first.

Joel's enthusiasm, dedication and love for people are evident, and have led him to serve students, and promote the goals of Student Council. Joel has proven excellent attendance, and involvement in various SU avenues such as Volunteering for Open House, and Club's Fair where he promoted Students' Council. He is also a volunteer for the get out to vote campaign. Apart for this, he sits on GFC, where he advocates on

behalf of Students' Council. He has demonstrated this through his questions regarding the Pharmacy program loss of Reading Week, and his role on GFC committees.

I believe Joel has proven to be an active member of the community, an ambassador of Student's Council and in the campus community representing students concerns and opinions. Overall, I strongly recommend you to consider Joel as the recipient of this award, and you have my highest nomination.
